FT-325 Functional Trainer

Product Number: 18000
MSRP: \$4,295

Positioning

The CYBEX FT-325 serves as CYBEX "Basic" commercial functional trainer. While the Bravo provides a range a capability far beyond that of conventional functional trainers, the FT-325 target facilities looking for a traditional unit that is lower in profile than most club models but has a more solid feel than typical vertical market units.

NOTE: The image above is missing instructional placards that will be standard.

Product

The FT-325 balances simplicity with it two adjustable columns, a robust design style that utilizes the same tubing found on VR3, with its small foot print and 83 ½" (212 cm) height.
