

# PRODUCT INFORMATION

September 2016

## Improved VR1 Leg Extension/ Seated Leg Curl

**Product Number:** 13265

**MSRP:** \$4695

**Availability:** Available in the quote system and PeopleSoft.

**First shipments:** The week of 10/17.

- This product replaces the 13260 VR1 LE/SLC.

The primary difference between this and the prior unit is that of a fully counterbalanced input assembly. This ensures that the minimum resistance in either the leg extension or leg curl movement is simply that of the top plate to provide a lower minimum resistance than the prior unit.

### Specifications:
