FCC Compliance Information

Before using this product, it is essential to read this ENTIRE operation manual and ALL assembly instructions. It describes equipment setup and instructs members on how to use it correctly and safely.

Avant d'utiliser ce produit, il est indispensable de lire ce manuel d'utilisation dans son INTÉGRALITÉ, ainsi que TOUTES les instructions d'installations. Ce manuel explique comment installer l'équipement et comment l'utiliser correctement et sans danger.

FCC Warning - Possible Radio / Television Interference

EN ISO 20957 Class S: Professional and / or commercial use.

NOTE: This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses and can radiate radio frequency energy, and if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

CAUTION: Any changes or modifications to this equipment could void the product warranty.

ATTENTION : tout changement ou toute modification de ce matériel peut annuler la garantie du produit.

EU Declaration of Conformity

Electronic components satisfy the EMC directive 2014/30/EU, LVD directive 2014/35/EU, GPS directive 2001/95/EC, ROHS directive 2015/863/EU, and EN 60335-1:2012/A14:2019.

The Declaration of Conformity can be viewed at <http://www.lifefitness.com>.

Any service, other than cleaning or user maintenance, must be performed by an authorized service representative.

1. Safety

Safety Instructions

Read all instructions before use.

CAUTION: Any changes or modifications to this equipment could void the product warranty.

CAUTION: Risk of injury to persons – to avoid injury, use extreme caution when stepping onto or off of a moving belt. Read assembly instruction manual before using.

WARNING: Health-related injuries may result from incorrect or excessive use of exercise equipment. Life Fitness Family of Brands STRONGLY recommends seeing a physician for a complete medical exam before undertaking an exercise program, particularly if the user has a family history of high blood pressure or heart disease, is over the age of 45, smokes, has high cholesterol, is obese, or has not exercised regularly in the past year. If, at any time while exercising, the user experiences faintness, dizziness, pain, or shortness of breath, he or she must stop immediately.

WARNING: Heart rate monitoring systems may be inaccurate. Over exercising may result in serious injury or death. If you feel faint, stop exercising immediately.

WARNING: Do not use for stretching and do not attach straps or other devices.

WARNING: Keep batteries out of reach of children.

Some chest straps may contain a removable battery.

- Swallowing may lead to serious injury in as little as 2 hours or death, due to chemical burns and potential perforation of the esophagus.
- If you suspect your child has swallowed a battery, immediately call your local poison control for fast, expert advice.
- Examine devices and make sure the battery compartment is correctly secured, e.g. that the screw or other mechanical fastener is tightened. Do not use if compartment is not secure.
- Dispose of used button batteries immediately and safely. Flat batteries can still be dangerous.
- Tell others about the risk associated with button batteries and how to keep their children safe.

WARNING: Batteries may not be exploited to fire or get into contact with other metal objects. If you don't use the equipment for a longer period of time, remove batteries to avoid any damage by leaking or corroding batteries. If battery is depleted, insert new batteries into the equipment. If battery has leaked, remove all residue immediately. Avoid contact with eyes and if you come in contact with residue, wash thoroughly.

WARNING: If rechargeable batteries are in use, they must be removed from the equipment for recharging. The charged battery must deliver 1.5 V output.

WARNING: Never use batteries other than D-Cell (LR-20) batteries. Do not use different battery types or depleted and new batteries together.

WARNING: Always insert batteries with correct polarity.

WARNING: Do not attempt to recharge non rechargeable batteries.

WARNING: Never short circuit battery connection terminals.

WARNING: Children shall not play with the training equipment.

WARNING: Cleaning and user maintenance shall not be made by children without supervision.

- Always follow the console instructions for proper operation.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory, or mental capabilities, or lack of experience or knowledge unless they have supervision or been given instruction concerning the use of the appliance by a person responsible for their safety.
- Do not use this product outdoors, near swimming pools or in areas of high humidity.
- Never place liquids of any type directly on the unit, except in an accessory tray or holder. Containers with lids are recommended.
- Do not use these products in bare feet. Always wear shoes. Wear shoes with rubber or high-traction soles. Do not use shoes with heels, leather soles, cleats or spikes. Make sure no stones are embedded in the soles.
- Keep all loose clothing, shoelaces, and towels away from moving parts.

- Do not reach into, or underneath, the unit or tip it on its side during operation.
- This equipment is not intended for use by children. Keep children under the age of 14 away from the machine.
- Do not allow other people to interfere in any way with the user or equipment during a workout.
- Handrails may be held to enhance stability as needed, but are not for continuous use.
- Never walk or jog backwards on the treadmill.
- Use these products for their intended use as described in this manual. Do not use attachments that have not been recommended by the manufacturer.
- In conformity with the European Union Machinery Directive 2006/42/EC, this equipment unloaded runs at sound pressure levels below 70 dB (A) at the average operating speed of 12 km/hr (commercial units) and 8 km/hr (home units). Noise emission under load is higher than without load.
- Free standing equipment shall be installed on a stable and leveled surface.
- Read all warnings on each product prior to starting a workout.
- If warnings are missing or damaged, please contact Customer Support Services immediately for replacement warning labels. Warning labels are shipped with every product and should be installed before product is used. Life Fitness Family of Brands is not responsible for missing or damaged warning labels.

Consignes de Sécurité

 Veuillez lire toutes les instructions avant usage.

-  **ATTENTION :** Toute modification apportée à cet équipement pourrait en annuler la garantie.
-  **ATTENTION :** Risque de blessures - pour éviter toute blessure, faire preuve d'extrême prudence pour monter sur un tapis en mouvement, ou pour en descendre. Lisez les instructions d'assemblage avant toute utilisation.
-  **AVERTISSEMENT :** Une utilisation incorrecte ou excessive de l'appareil peut entraîner des blessures. Life Fitness Family of Brands Recommande VIVEMENT aux utilisateurs de passer un examen médical complet avant d'entamer un programme d'entraînement, et tout particulièrement dans les cas suivants : antécédents familiaux d'hypertension (pression sanguine trop élevée) ou de pathologies cardiaques, utilisateurs de 45 ans ou plus, tabagisme, hypercholestérolémie (taux de cholestérol sanguin trop élevé), obésité, absence d'exercice physique depuis un an ou plus. Si, pendant l'usage de l'appareil, l'utilisateur éprouve un malaise, des vertiges, des douleurs ou des difficultés à respirer, il doit s'arrêter immédiatement.
-  **AVERTISSEMENT :** Les systèmes de surveillance de la fréquence cardiaque peuvent être inexacts. Un exercice trop intensif peut entraîner des blessures graves, voire mortelles. En cas de malaise, interrompez immédiatement l'exercice.
-  **AVERTISSEMENT :** Ne pas utiliser pour des étirements et ne pas y attacher des sangles ou autres dispositifs.
-  **AVERTISSEMENT :** Tenir les piles hors de portée des enfants.
Certaines sangles de poitrine peuvent contenir une pile jetable.
 - L'ingestion de la pile peut provoquer des blessures graves voire la mort en moins de 2 heures en raison du risque de brûlures chimiques et de perforation de l'œsophage.
 - Si vous pensez que votre enfant a avalé une pile, contactez immédiatement le centre anti-poison local pour obtenir des conseils spécifiques.
 - Contrôlez l'appareil et assurez-vous que le compartiment pour pile est bien fermé, par exemple que la vis ou toute autre fixation mécanique est bien serrée. Ne pas utiliser le produit si le compartiment n'est pas bien fermé.
 - Éliminer les piles bouton immédiatement et de manière sûre. Les piles bouton sont une source de danger.
 - Informez les tiers des risques associés aux piles bouton et de la manière dont ils doivent agir pour protéger leurs enfants.
-  **AVERTISSEMENT :** Les piles ne doivent pas être exposées au feu ni entrer en contact avec d'autres objets métalliques. En cas d'inutilisation prolongée de l'appareil, retirez les piles afin d'éviter tout dommage dû à une fuite ou à une corrosion des piles. Si les piles sont vides, installez des piles neuves dans l'appareil. En cas de fuite des piles, éliminez immédiatement tout résidu. Évitez tout contact avec les yeux et si vous entrez en contact avec le résidu, lavez soigneusement.
-  **AVERTISSEMENT :** En cas d'utilisation de piles rechargeables, celles-ci doivent être retirées de l'appareil pour être rechargées. La pile chargée doit fournir une sortie de 1,5 V.
-  **AVERTISSEMENT :** N'utilisez jamais de piles autres que des piles de type D (LR-20). N'utilisez pas des piles de types différents ou des piles vides et des piles neuves ensemble.
-  **AVERTISSEMENT :** Insérez toujours les piles en respectant la polarité.
-  **AVERTISSEMENT :** N'essayez pas de recharger des piles non rechargeables.
-  **AVERTISSEMENT :** Ne court-circuitez jamais les bornes de connexion.
-  **AVERTISSEMENT :** Les enfants ne doivent pas jouer avec les équipements d'entraînement.
-  **AVERTISSEMENT :** Le nettoyage et l'entretien par l'utilisateur ne doivent pas être effectués par des enfants sans supervision.
 - Pour un fonctionnement correct, suivez toujours les instructions de la console.
 - Cet appareil n'est pas destiné à être utilisé par des personnes ou des enfants présentant des capacités physiques, sensorielles ou mentales réduites, ou un manque d'expérience et de connaissances, sauf en cas de supervision ou d'instructions relatives à son utilisation par une personne responsable de leur sécurité.
 - N'utilisez pas ce produit à l'extérieur, près d'une piscine ou dans des endroits très humides.
 - Ne placez jamais de liquides d'aucune sorte directement sur l'appareil, sauf si vous disposez d'un support ou d'un plateau pour accessoires. Nous vous recommandons de n'utiliser que des récipients pourvus d'un bouchon.

- N'utilisez pas ces produits avec les pieds nus. Portez toujours des chaussures. Portez des chaussures à semelles en caoutchouc ou antidérapantes. N'utilisez pas de chaussures à talon, à semelle en cuir, à crampons ou à pointes. Assurez-vous qu'aucun caillou ne s'est incrusté dans les semelles.
- Éloignez les vêtements amples, les lacets de chaussure et les serviettes des parties mobiles de l'appareil.
- Ne placez pas les mains à l'intérieur ou sous l'appareil. Ne le faites pas basculer sur le côté durant son fonctionnement.
- Cet équipement n'est pas destiné à être utilisé par les enfants. Tenez les enfants âgés de moins de 14 ans à l'écart de la machine.
- Ne laissez aucune personne gêner l'utilisateur ou le fonctionnement de l'appareil pendant l'exercice.
- Les barres d'appui latérales peuvent servir à améliorer la stabilité, le cas échéant, mais elles ne sont pas conçues pour être utilisées de façon continue.
- Ne reculez jamais sur le tapis, que ce soit en marchant ou en courant.
- Utilisez cet équipement uniquement aux fins auxquelles il est destiné et de la manière décrite dans le présent manuel. N'utilisez pas d'accessoires non recommandés par le fabricant.
- Conformément à la directive Machines 2006/42/EC de l'Union européenne, à vide, cet équipement sans charge fonctionne à des niveaux de pression acoustique inférieurs à 70 dB(A) à une vitesse de fonctionnement moyenne de 12 km/h (gamme commerciale) et 8 km/h (gamme domestique). L'émission sonore sous charge est plus élevée que sans charge.
- L'appareil utilisé de manière autonome doit être installé sur une surface stable et plane.
- Lisez les avertissements sur chaque produit avant de commencer à vous entraîner.
- Si certaines étiquettes d'avertissement sont manquantes ou endommagées, contactez immédiatement le service d'assistance à la clientèle. Nous vous en fournirons de nouvelles. Les étiquettes d'avertissement sont expédiées avec les appareils et doivent être installées avant utilisation de ces derniers. Life Fitness Family of Brands n'est pas responsable des étiquettes manquantes ou endommagées.

Immobilization Method, Home use

The purpose of immobilizing the treadmill is to prevent unauthorized use by children when installed in a home. The belt lock is included with treadmill.

1. Hold belt lock as shown and insert tab into striding belt slats. Rotate forward to install belt lock onto striding belt slats.

NOTE: Make sure the tab on belt lock is facing down.

Item	Description	Qty
1	Striding belt slats	1
2	Tab on belt lock	1
3	Belt lock	1
4	Insert belt lock here	1

2. Rotate striding belt back until belt lock contacts rear guard.

Item	Description	Qty
1	Belt lock	1
2	Rear guard	1

Remove belt lock by rotating striding belt forward. Then rotate top of belt lock backwards and remove tab from striding belt slats.

Biomechanical Positioning

The user shall be positioned on the striding belt facing the console. Handrails are used for mounting, dismounting, and balance.

Item	Description	Qty
1	Striding belt	1
2	Handrails	2
3	Console	1

This product is designed to exercise the major muscle groups in the upper and lower body.

WARNING: Injuries to health may result from incorrect or excessive training.

2. Operation

Console Overview

ITEM	DATA READOUTS / BUTTONS	DESCRIPTION
1	Menu / Back Button	Menu / Back button.
2	Down Arrow	Push to move cursor down in the menus.
3	Up Arrow	Push to move cursor up in the menus.
4	Right Arrow	Confirmation button.
5	Square Button	Push to pause and stop workout.
6	Training Programs	Overview
7	Quick Start	The Quick Start mode allows training without entering additional data.
8	Interval Training Custom Interval Training	Training mode for predefined or custom time oriented interval training. Interval 15 - 45: 15 seconds running and 45 seconds recovery (10 Rounds) Interval 30 - 30: 30 seconds running and 30 seconds recovery (10 Rounds) Interval custom: User defined number of rounds, running and recovery duration.
9	Target	Train according to user defined workout targets. • Time • Calories • Distance • Heart Rate

Settings Menu Access

- 1. Turn the console on by walking or running on striding belt.
- 2. Press the **MENU** button on the console to access the **PROGRAMS** screen.
- 3. Press the **MENU** button and the **UP ARROW** button simultaneously for 3 seconds to enter the **SETTINGS** menu.

Item	Description	Qty
1	MENU	1
2	UP ARROW	1

SETTINGS	DESCRIPTION
System	Displays firmware information, firmware update, touch sensitivity, and LED backlight.
Language	Language selection: - English - Spanish - German - Italian - French - Dutch - Portuguese
Usage	Displays total time, total distance in Kilometers and Miles, and battery voltage.
Screen Timeout	Set the duration until the console stays on after the user stops walking or running. 30 seconds 1 minute 2 minutes
Units	Select KM or MI for display units.

Workout Screen Overview

The workout screens consist of 4 - 8 multiple tiles which provide various metrics during your workout.

ITEM	DATA	DESCRIPTION
1	Workout time	Indicates the accumulated workout time.
2	Tiles	Tiles provide specific metrics. See below for an overview of the available metrics.
3	Pace	The value indicates pace, Minutes per Mile or Minutes per Kilometer.
4	Heart rate	The value indicates the current BPM.

Training Mode Tiles

TILE NAME	DESCRIPTION
Distance	Total Kilometers or Miles
Speed	Speed in KPH or MPH
kCal	Calorie Consumption
Pace	Minutes per Kilometer or Minutes per Mile
Watts	Current Power
BPM	Heart Rate (beats per minute)
Average and Max Speed	Average and Max Speed in KPH or MPH
Average and Max Pace	Average and Max Pace in Minutes per Kilometer or Minutes per Mile
Average and Max BPM	Average and Max Heart Rate (beats per minute)

Water Bottle Holder (optional)

A standard bicycle water bottle holder can be installed on the mounting bolts on right upright. Water bottle holders are not available through Hammer Strength.

Item	Description	Qty
1	Mounting bolt	2
2	Right upright	1

Frame	Clean		Inspect
Plastic Covers	Clean	Inspect	
Striding Belt Centered	Inspect		
Drive Belt			Inspect
Leg Levelers		Inspect / Adjust	
Front and Rear Rollers			Inspect
Side Step Area	Clean	Inspect	
Side Hand Rails	Clean		Inspect

Preventive Maintenance Tips

NOTE: Safety of the equipment can be maintained only if the equipment is examined regularly for damage or wear. Keep the equipment out of use until defective parts are repaired or replaced. Pay special attention to parts that are subject to wear, as outlined below.

NOTE: Pour assurer la sécurité du matériel, il convient de l'inspecter régulièrement afin de déceler tout signe d'usure ou d'endommagement. N'utilisez pas l'appareil avant d'avoir réparé ou remplacé les pièces défectueuses. Portez une attention toute particulière aux pièces qui s'usent, comme indiqué ci-dessous.

The following preventive maintenance tips will keep the product operating at peak performance:

- Locate the product in a cool, dry place.
- Clean the display console and all exterior surfaces with an approved or compatible cleaner (see [Approved and Compatible Cleaners](#)) and a microfiber cloth.
- Long fingernails may damage or scratch the surface of the console; use the pad of the finger to press the selection buttons on the console.

Approved and Compatible Cleaners

Two preferred cleaners have been approved by reliability experts: PureGreen 24 and Gym Wipes. Both cleaners will safely and effectively remove dirt, grime and sweat from equipment. PureGreen 24 and the Antibacterial Force formula of Gym Wipes are both disinfectants that are effective against MRSA and H1N1.

PureGreen 24 is available in a spray which is convenient for gym staff to use. Apply the spray to a microfiber cloth and wipe down the equipment. Use PureGreen 24 on the equipment for at least 2 minutes for general disinfection purposes and at least 10 minutes for fungus and viral control.

Gym Wipes are large, durable pre-moistened wipes to use on the equipment before and after workouts. Use Gym Wipes on the equipment for at least 2 minutes for general disinfection purposes.

Contact Customer Support Services to order these cleaners (1-800-351-3737 or email: customersupport@lifefitness.com).

Mild soap and water or a mild non-abrasive household cleaner can also be used to clean the display and all exterior surfaces. Use a soft microfiber cloth only. Apply the cleaner to the microfiber cloth before cleaning. DO NOT use ammonia or acid based cleaners. DO NOT use abrasive cleaners. DO NOT use paper towels. DO NOT apply cleaners directly to the equipment surfaces.

Troubleshooting the Polar Heart Rate Chest Strap®

Heart rate reading is erratic or absent entirely

Probable Cause	Corrective Action
Belt transmitter electrodes are not wet enough to pick up accurate heart rate readings.	Wet the belt transmitter electrodes.
Belt transmitter electrodes are not laying flat against the skin.	Ensure the belt transmitter electrodes are laying flat against the skin.
Belt transmitter needs cleaning.	Wash the belt transmitter with mild soap and water.
Belt transmitter not properly set up.	Setup of the belt transmitter is accomplished by initially bringing it within 1 foot of the receiver. The receiver is in the console. After the heart rate is displayed on the console the range is extended to 3 feet.
	This LCD console only supports an Analog signal.
Chest strap battery is depleted.	Contact Customer Support Services for instructions on how to have the chest strap replaced.

Abnormally elevated heart rate readings

Probable Cause	Corrective Action
Electromagnetic interference from television sets and/or antennas.	Move the exercise equipment a few inches away from the probable cause, or move the probable cause a few inches away from the exercise equipment, until the heart rate readings are accurate.
Electromagnetic interference from cell phones.	
Electromagnetic interference from computers.	
Electromagnetic interference from cars.	
Electromagnetic interference from high voltage power lines.	
Electromagnetic interference from motor driven exercise equipment.	

Low Battery Signal

When the battery charge is low, an icon will appear in the lower right corner of the screen. Replace batteries.

Item	Description	Qty
1	Low battery icon	1

How to Obtain Product Service

1. Verify the symptom and review the operating instructions. The problem may be unfamiliarity with the product and its features and workouts.
2. Locate and write down the serial number of the unit which is located on the wheel bracket at front of machine.
3. Contact Customer Support Services at <http://www.lifefitness.com>.

4. Warranty

What is Covered

This Life Fitness Family of Brands commercial exercise equipment product is warranted to be free of all defects in material and workmanship.

Who is Covered

The original purchaser or any person receiving the product as a gift from the original purchaser. Warranty will be voided on subsequent transfers.

How Long It is Covered

All coverage is provided by specific Product according to the guidelines listed in Warranty Information.

Who Pays Transportation and Insurance For Service

If the Product or any covered part must be returned to a service facility for repairs, We, Life Fitness Family of Brands, will pay all transportation and insurance charges for the first year. You are responsible for transportation and insurance charge after the first year.

What We Will Do To Correct Covered Defects

We will ship to you any new or rebuilt replacement part or component, or at our option, replace the Product. Such replacement parts are warranted for the remaining portion of the original warranty period.

What is Not Covered

Any failures or damage caused by unauthorized service, misuse, accident, negligence, improper assembly or installation, debris resulting from any construction activities in the Product's environment, rust or corrosion as a result of the Product's location, alterations or modifications without our written authorization, or by failure on your part to use, operate and maintain the Product as set out in your Operation Manual.

All terms of this warranty are void if this product is moved beyond the continental borders of the United States of America (excluding Alaska, Hawaii and Canada) and are then subject to the terms provided by that country's local authorized Life Fitness Family of Brands representative.

What You Must Do

Retain proof of purchase. use, operate and maintain the Product as specified in the Manual; notify the place of purchase of any defect within 10 days after discovery of the defect; if instructed, return any defective part for replacement or, if necessary, the entire Product for repair. *Life Fitness* reserves the right to decide whether or not a product is to be returned for repair.

How to Get Parts and Service

Refer to the Corporate Headquarters section of this manual for your local service contact information. Reference your name, address and the serial number of your Product (consoles and frames may have different serial numbers). They will tell you how to get a replacement part, or, if necessary, arrange for service where your Product is located.

Exclusive Warranty

THIS LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES OF ANY KIND EITHER EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND ALL OTHER OBLIGATIONS OR LIABILITIES ON OUR PART. We neither assume nor authorize any person to assume for us any other obligation or liability concerning the sale of this Product. Under no circumstances shall we be liable under this warranty, or otherwise, of any damage to any person or property, including any lost profits or lost savings, for any special, indirect, secondary, incidental or consequential damages of any nature arising out of the use of or inability to use this Product. Some states do not allow the exclusion or limitation of implied warranties or of liability for incidental or consequential damages, so the above limitations or exclusions may not apply to you.

Changes in Warranty Not Authorized

No one is authorized to change, modify or extend the terms of this limited warranty.

Effects of State Laws

This warranty gives you specific legal rights, and you may have other rights which vary from state to state and country by country.
