BEST IN CLASS RESULTS BASED & WELLNESS FOCUSED TRAINING PROGRAMS...

All fitness levels - in one class - are welcome, thanks to the unique Coach By Color® system. Coach By Color® is an inclusive and universal method for coaching intensity exciting millions of people around the world. These fun color guided workouts are based on members fitness level (FTP), pedal speed, riding technique and color zones. Members will not only get fitter, faster but love every minute of it. The easy-to-follow and engaging coaching takes the category of “virtual” workouts to a whole new level, and this is only the start.

STUDIO COACH

Immersive on-screen coached workouts that deliver results, that’s Studio Coach, a highly engaging pre-choreographed exercise to music virtual workout powered by our leading, world-class ICG® Master Trainers with chart quality music that guarantees lots of fun and results. Driving more people through the door 24/7 has never been so simple.

SCENIC COACH

Tell your members to leave their passports at home and join your studio on a trip around the world with Scenic Coach, terrain-focused footage paired with chart topping music and fun yet fierce on-screen guided workouts. The outstanding, forward motion scenery is stunning and participants ride it like they see it, so let them ride by cities and jungles without that extra luggage.
