250+ STUDIO COACH VIDEOS

100+ SCENIC COACH VIDEOS

EFFORTLESSLY SIMPLE

The ICG[®] Virtual Cycling App is a commercial subscription meant to bring additional value and support to our indoor cycles and Coach By Color[®] program. The ICG[®] Virtual Cycling App compliments and enhances the ICG[®] Ecosystem. Utilize new ICG[®] content (Studio Coach/Scenic Coach) within the commercial app for virtual programming so facilities can offer indoor cycling classes without an instructor or even switch between virtual and live classes.
