 - Purple/Yellow fleck frame paint
 - Painted Yellow Shrouds
 - Planet Fitness logos

www.planetfitness.com

Version 2
 - Purple frame paint
 - Vinyl wrapped shrouds
 - Planet Fitness logos

www.planetfitness.com

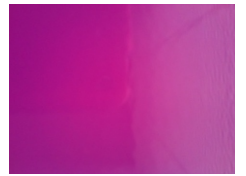

the judgement free zone

Version 3
 - Purple frame paint
 - Vinyl wrapped shrouds
 - Planet Fitness logos

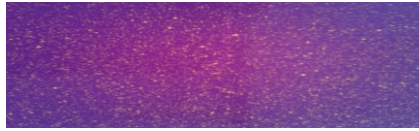

no gymtimidation

Version 4
 - Purple frame paint
 - Vinyl wrapped shrouds

Planet Fitness - Commercial Strength Powder Coated Surfaces

First version Planet Fitness machines use Purple base paint with Yellow fleck.

TOUCH-UP PAINT
0.6 Ounce Bottle-3249498
(does not contain Yellow fleck)

Second and third version Planet Fitness machines use solid Purple color paint.
Note: Purples used are different between 1st and 2nd/3rd versions.

TOUCH-UP PAINT
0.5 Ounce Bottle - 3249413
4.5 Ounce Aerosol Can - 3249313

The cut-off date from version 1 to version 2 is Sept. 9, 2009. All machines built prior are version 1, all machines on or after that date are version 2/3. This serial number rule affects all Signature, Pro2, Cable Motion and Hammer Strength MTS models.

Example: FZLR0909001 = 2nd version
(product/mm/yy/###)

For Hammer Strength products not listed above, use the below serial number matrix to determine revision. Below serial numbers are the beginning of the version 2 units. Units with serial numbers below listed numbers are revision 1.

Machine	Serial Number	Machine	Serial Number	Machine	Serial Number
GBJ	7460	PLLE	1933	FWDR2	14482
GBSHP	541	PLSH	3160	FWFB	8891
ILDCP	4958	PLTIB	3465	FWUB75	5025

NOTE:

When ordering painted weldments, include the 4-digit color code below within the order notes:

- PFPF = 1st Version Planet Fitness Purple/Yellow Fleck
- PFPSP = 2nd and 3rd Version Planet Fitness Solid Purple

*****DO NOT REMOVE AT INSTALLATION*****

Signature Series Shroud Care Instructions

Thank you for purchasing a customized Signature Series product. The following instructions were developed for you to properly care for the custom shrouds.

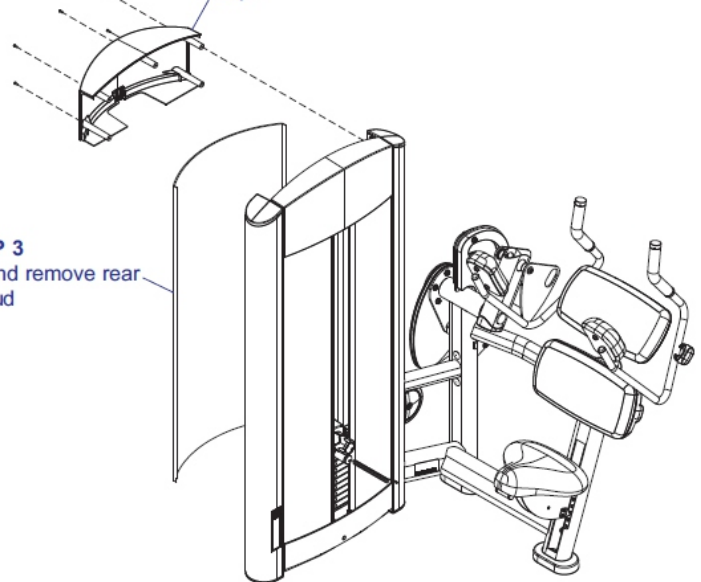

Rear Shrouds

When removing the rear shrouds the tower cap must be disassembled prior to removing the main rear shroud.

Note: Do not remove the shrouds by sliding them out prior to taking the top cap off first.

STEP 1
Remove Phillips Head
Screws (5)

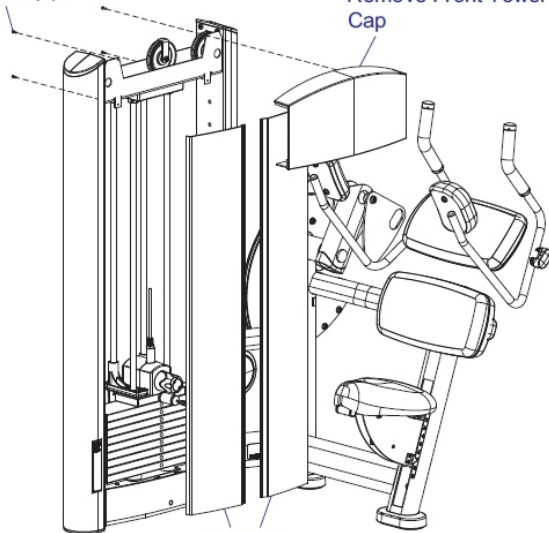

STEP 2
Remove Rear Tower
Cap

STEP 3
Lift and remove rear
shroud

STEP 4
Remove Phillips Head
Screws (5)

STEP 5
Remove Front Tower
Cap

STEP 6
Lift and remove front
shrouds

Front Shrouds

When removing the front shrouds the rear top cap must be removed first (see step 1). Then the front top cap can be removed. Once removed the left and right shrouds can be slid out of place.

Note: Do not remove the shrouds by sliding them out prior to taking the top cap off first.

*****DO NOT REMOVE AT INSTALLATION*****
